Ralph Schulz, CEO

The Frenzel brand has been part of the family since November 2016. We are taking advantage of the brand's positive image and expanding its good reputation further. We have always set high standards, thereby ensuring the good taste of our products. This is also reflected by the global network of producers with which Farmers Land works. We are proud of what we have achieved and will continue to explore opportunities for new product development. Our strength is our flexibility and speed by

which we launch products on the market. This strategy helps us to accomplish our goal:
